

NEWS IN BRIEF FROM ACROSS CHATHAM, AYLESFORD, SNODLAND, LARKFIELD and the VILAGES

Blue Bell Hill

Before the election was called, funding for Blue Bell Hill and M2 Junction 3 was on the verge of being secured.

It will be my priority to ensure that these improvements are secured to relieve the pressure on our local roads.

New Medical Centre for Villages

A new medical centre was promised for the villages as part of the development for Peter's Village.

I will fight to have the centre opened as soon as possible to give residents greater accessibility to vital GP services.

Green Spaces

While we need housing, it needs to be in appropriate areas.

I will defend Capstone Valley from being bulldozed over by Labour's planning reforms.

Standing up for Chatham & Aylesford

Tracey Crouch introduces Nathan Gamester as your Conservative candidate

It has been the honour of my life to serve the people of Chatham and Aylesford as the Member of Parliament since 2010. In that time I have helped tens of thousands of residents with issues big and small, organised the Over 55s Advice and Apprenticeship Fairs, and celebrated countless unsung community heroes.

However it is now time to pass on that baton and I am delighted that Nathan Gamester is standing as the Conservative candidate. I truly believe he will be an excellent MP.

I have always tried to be a strong voice for our diverse communities, determined to put the views of residents before party politics. Over the years we have faced enormous challenges but I have stood shoulder to shoulder with local people and I'm in no doubt that Nathan will do the same.

The snap election meant that I had unfinished business on issues and laws that constituents were campaigning for.

Nathan has said that if he is elected on July 4th, he will pick these matters up, ensuring continuity that will see the voice of residents put at the heart of activity in Westminster. Chatham & Aylesford needs a strong representative who puts the constituency before ambition and Nathan is that person.

NATHAN GAMESTER

Standing up for
Chatham, Aylesford, Snodland,
Larkfield and the Villages

YOUR VOICE FOR CHATHAM, AYLESFORD, SNODLAND, LARKFIELD and the VILLAGES

ABOUT NATHAN GAMESTER

I am thrilled to have been selected as the Conservative candidate for Chatham & Aylesford and will endeavour to follow in Tracey's footsteps as a true champion for local residents here and in Westminster.

Chatham & Aylesford is a unique constituency and I want to protect it as the special place it is. I have spent a lot of time in Kent and Medway over the years and my wife and three children (and the dog!) look forward to making this constituency our home.

I will continue to defend our green spaces from over-development, support our police to tackle anti-social behaviour, and being married to a NHS nurse, I fully appreciate the challenges in our hospitals and GP surgeries so I will always be a strong champion for better access to healthcare.

I am state educated, as are my children. I will support our local schools to provide the best education to ensure our youngsters thrive in a happy, healthy school environment. As a former semi-pro footballer, I fully understand the importance of sport, health and wellbeing. **I will put the same level of energy into my work in the constituency as I do on the football pitch.**

ENDORSEMENT

"Nathan's background supporting people in poverty, through the charity he runs, combined with his record of delivery in Westminster makes him exactly the right person to represent Chatham & Aylesford locally and nationally.

With strong values, and family in the public services, he is exactly the right person to continue my work in Westminster. I hope you will give him your support on 4th July."

Dame Tracey Crouch

MY PLAN FOR CHATHAM & AYLESFORD

1 BETTER ACCESS TO HEALTHCARE FACILITIES

Ensure that the new medical centre serving the villages is delivered by the housing developer and improve access to GPs in Medway.

2 TACKLING ANTI-SOCIAL BEHAVIOUR

Holding Labour-run Medway Council to account on their failure to clamp down on anti-social use of bikes in Wayfield and surrounding areas.

3 IMPROVE OUR RAIL SERVICES

Following access improvements at Chatham Station, I will campaign to make sure all our local stations are accessible for all.

4 ROAD IMPROVEMENTS

Ensure that Chatham & Aylesford receives its fair share of funding to improve our local roads, including the upgrade of M2 Junction 3 and Blue Bell Hill.

5 AN ACCESSIBLE ENVIRONMENT

Campaign for better footpaths, cycle ways and trails so that everyone has access to our natural environment.

6 FIGHT OVER-DEVELOPMENT

Protecting our green spaces from inappropriate over-development while ensuring a brownfield first approach for the development of affordable housing.
